Justification for decision: (Use continuation sheet if necessary and attach map)

The John & Christa Lee House, located at 109 New Hampshire Avenue, Cumberland, Allegany County, MD is not located in an historic district, nor is it considered eligible for individual listing on the National Register of Historic Places.

The Lee House is a 2-1/2 story Queen Anne style house built in 1910-1920. The frame structure sits on a parged concrete block foundation and is covered with a cross-gable roof. There is an attached two story addition to the rear of the right ell.

The dwelling is typical of the domestic architecture of the period and lacks the architectural distinctiveness to qualify for listing on the National Register of Historic Places under Criterion C. The property is not known to have any associations with persons or events significant to our past and is thus not eligible under Criteria A or B.

Documentation on the property/district is presented in: Review and Compliance Files
